

Air Freight Management

Flexible Products and Options in Expert Hands

Global Support

Active Partners for a Dynamic Marketplace

Agility's more than 22,000 employees in over 100 countries around the world are united by a commitment to our customers and energized by our role in helping them succeed. Our Air Freight products are an integral piece of our total freight forwarding capability, which includes Sea Freight, Road Freight and a combined Sea/Air product that leverages efficiencies of both scheduling and cost. Furthermore, Agility provides individual supply chain consultation through our logistics experts and brings specialized knowledge to the specific industries of Fairs & Events, Project Logistics and Chemicals through our specialty businesses. Together, they form Agility Global Integrated Logistics, giving you access to vast resources and a worldwide network of dedicated people.

Air Freight Experts

Air Freight Ease

When you have an experienced team of Air Freight specialists delivering on your daily priorities for time, space, frequency and cost, you have Agility's brand of personal service. We listen, learn and form a close partnership with you to identify your needs and understand your goals. Our standard Air Freight products and their customizable options bring added flexibility to your supply chain. Whether we're taking extra measures for your sensitive cargo or giving you added supply chain visibility through our online tracking tool, Agility air freight experts are looking to build your trust as they look after your cargo.

Air Freight Products

Wide Range for Greater Flexibility

Our purchasing power and partnerships with some of the world's premier air carriers enable us to deliver the space allocation, on-time performance and range of products you need. With direct access to all prime capacities, including split and full charter options, and knowledgeable customs clearance experts taking care of processing and documentation, your air cargo not only gets to the right place at the right time—it gets the right treatment every step of the way. Agility's freight professionals are Cargo 2000 certified, C-TPAT, PIP and TAPA compliant. They are on-site and on call in major air freight hubs, day and night, taking care of your pick-up and export handling, advanced cargo handling, advanced security measurements and capacity assurance.

Product Range:

Expedited

Maintains high-priority transportation with immediate recovery of freight and rapid customs clearance on arrival. Typical transit time: 1–2 days*

Premier

Provides an economical and timely shipping option serving most destinations at least twice a week, and major centers daily. Typical transit time: 3–4 days*

Value

Allows less urgent shipments to move at minimal cost, capitalizing on flexible scheduling and saving money. Typical transit time: 5–7 days*

*Airport-to-airport.

Air Freight Options

Configurable Choices for Additional Attention

Agility's numerous elective services bring a customizable dimension to our standard Air Freight products. Our easy-to-add options conform to your business needs and provide your shipments a further degree of personal involvement.

Forwarding Service Options

We supply additional services and extra handling care for your special cargo and specific needs, including:

- High-Value Cargo Transportation
- Temperature-Controlled Transportation
- Import Handling and Delivery Options, including Just-In-Time Delivery
- Transport Insurance
- Customs Clearance
- Labeling
- Palletizing
- Barcoding
- Packing/Repacking
- Shrink Wrapping
- Hazardous Cargo Transportation
- Short-Term Storage
- Bonded Warehouse Storage

Agility Logistics Tools

Our collection of state-of-the-art logistics tools allows you to view shipment status, manage inventory, schedule actions and monitor security. These sophisticated systems streamline communication between networks and provide powerful search capabilities and detailed performance reporting for better visibility and control of your supply chain.

Logistics Service Options

Our freight experts take care of day-to-day business needs that go beyond standard pick-up and delivery, including:

- Merge in Transit
- Cargo Assembly Service
- Food and Drug Administration Filing
- Cargo Security Management
- Real-Time Tracking/Data Export

Specialty Businesses

When your task requires specialized knowledge beyond standard freight forwarding products, Agility calls on its experienced network of Fairs & Events, Project Logistics and Chemicals experts. Our specialists understand the distinct business challenges unique to these sectors, and are able to design and execute comprehensive solutions tailored to your objectives.

Tracking Tool for Total Visibility

Agility's online tracking tool gives you the peace of mind that comes with complete transparency. Our proprietary technology provides you easy, instant access to your air freight's status, allowing you to follow a single shipment in real time.

Agility's commercial business, Global Integrated Logistics (GIL), is headquartered in Switzerland. Agility GIL provides supply chain solutions to meet complex and traditional customer needs. GIL offers air, sea and road freight forwarding, warehousing, distribution and specialized services in project logistics, fairs and events, fuels and chemicals.

Agility's unique collection of portfolio businesses includes Agility Defense & Government Services, a logistics provider to governments, ministries of defense and international organizations. Agility's Infrastructure group of companies manages commercial and industrial real estate and offers solutions in customs optimization and clearance, waste management and recycling, aviation services, remote infrastructure and life support.
